

Class of 2020 ~ Application

eAcademy Class of 2020 Application

The eAcademy is a program for high school seniors created through a collaborative partnership involving the Venango County Economic Development Authority, the County of Venango, Clarion University Venango Campus, the eCenter @ LindenPointe and 6 local school districts. The eAcademy at Venango is an expansion of the existing, highly successful, eAcademy @ LindenPointe. This expansion program will use the same award winning curriculum and education structure as the eAcademy @ LindenPointe.

There is no exact procedure that guarantees a smooth transition from high school to the world and from the world to a fulfilling life. Yet there is a common thread – a guiding mindset used to make independent and resourceful decisions. Students are exposed to a network of leaders and career choices that help prepare them for whatever is next in their lives. “The eAcademy allowed me to expand my skill set to carry forward into my professional career.” Brianna '15 eAcademy @ LindenPointe graduate.

Much like the eAcademy @ LindenPointe, students who participate in the eAcademy at Venango will combine academic knowledge, a startup methodology, and their individual skill sets to the joint creation of a startup business with a prototype within one school year. With 75% facilitation and 25% lecture this program structure is new to most students as Allison, a current student of the eAcademy @ LindenPointe notices, “The experience is definitely something new for me and I am able to get a better grasp on how the outside world works.” Students are selected from high schools in the Venango region based on an application process. Selected students spend part of their day at their regular high schools and part of their day Monday – Thursday during the school year at the eAcademy. eAcademy at Venango classes will be held at Clarion Venango Campus in Oil City.

We offer an optional college course for students enrolled in the eAcademy. eAcademy students are given the opportunity to take a business related college course offered through Clarion University at the Clarion Venango Campus on Friday afternoons.
